Amendments to House Bill No. 5
1st Reading Copy

Requested by Senator Carol Williams

For the House Joint Appropriations Subcommittee on Long-Range
Planning

Prepared by Catherine Duncan
March 16, 2009 (5:36pm)

1. Page 8, line 2.

Following: line 2

Insert: "Interdisciplinary Science Building Finish Out, UM-
Missoula \$8,000,000 [Authority Only] \$8,000,000 [Total]

Authority is hereby granted to the University of Montana to make capital improvements for the Interdisciplinary Science Building finish out in the indicated amount, contingent upon receipt of special revenue as part of the federal stimulus package through competitive grants. All costs for the operation and maintenance of the improvements constructed under this appropriation must be paid by the University of Montana from non-state sources."

- END -

This amendment would provide authority only to spend federal grant funds, from the federal economic stimulus package, for the finish-out of the interdisciplinary science building.

Amendments to House Bill No. 5
1st Reading Copy

Requested by Senator John Brueggeman

For the House Joint Appropriations Subcommittee on Long-Range
Planning

Prepared by Catherine Duncan
March 16, 2009 (5:51pm)

1. Page 4, line 20.

Following: line 20

Insert: "UM-Helena College of Technology Project Completion
1,660,000 [Federal Special Revenue] 1,660,000 [Total]
Federal special revenue funds consist of federal funds received
pursuant to the American Recovery and Reinvestment Act of 2009,
Public Law 111-5."

- END -

This amendment would complete the modernization, renovation and repair of the Airport campus facility which has portions dating back to the 1930's. During the last session funding was approved to expand the welding portion of the Airport campus. The planning stage for that project has revealed several deficiencies with the existing structure. This additional funding would address issues in the following areas: electrical power limitations, HVAC and ventilation upgrades, fire and security alarm system upgrades, energy efficiency upgrades, ADA access issues for the second floor classrooms, and safety upgrades for student laboratory facilities.
